

WISCONSIN LIBRARY ASSOCIATION

## **An invitation to visit Wisconsin's public libraries!**

Need a space to hold a listening session for your constituents? Let your local library know how they can help!

Out visiting constituents and looking for a friendly comfortable place to relax with free WiFi, a clean restroom, and a refill for your water bottle? The public library is a community's living room!

Looking for information about local history, community resources or upcoming events? Give your local library a call!

Please stop by the public library when you visit communities in your district. Your librarians would enjoy giving you a tour and showing you the many services the library has to offer!
