We regret to inform you that the 2020 WAPL Conference scheduled for April 29 – May 1, has been canceled due to concerns about COVID-19 (Coronavirus).
This unanimous decision was made by the WLA Board and WAPL leadership in light of the developments over the last few days, including elevated warnings from the CDC and WHO, growing travel restrictions worldwide, and increasing numbers of requested cancellations from presenters.

We are now in the process of evaluating and determining next steps, including whether a rescheduled event may be possible yet this year.

We will reach out as soon as possible with additional information. Our priority now is communicating clearly and to all of you that the 2020 WAPL Conference is canceled. Please contact the WLA office at wla@wisconsinlibraries.org with any questions or concerns.

WAPL Conference Committee
Sherry Machones, WLA President
Plumer Lovelace, WLA Executive Director
